HAND MADE
LIGHT & GLASS

We would like to interest you in our selection of unique HANDMADE glass lamps designed and produced by our company, Touch Point under the brand named 4concepts.

We are proud of the skills and creativity of the people who work for and collaborate with us. Our HANDMADE glass products are manufactured in Poland, where there is a long tradition of high quality hand forming glass recognized worldwide.

In addition to the regular offer we are ready to design and produce the lamps at the individual request of our clients.

Please refer to the presentation of our products

TECHNICAL DETAILES
E27 bulb holder, without bulb;
EU plug, 220 - 240 Voltage, 60W max. (incandescent bulb); CE standard.

MATERIALS
Base of the lamp – HANDMADE transparent glass covered with the glossy copper coating;
